

Are you ready? Let's make the future happen now!

Let me borrow from the commercial: "Easter flowers... about \$400; Monthly electric bill... \$1700; The joy we experience when worship touches our heart... PRICELESS!"

Our Increased Giving Campaign is well underway. To summarize our goal... it is to spread the joy and pride we take in the huge variety of events and experiences that equal being Saint Gabriel Parish. The Campaign asks every member to realize the value that faith has for us all... and how valuable it is to have a church community where faith is something exciting,

vibrant and life-changing. We want to keep all that going now... and move it forward, bigger and better for the future. Become part of that... and encourage your friends and neighbors to join in!

"Our parish has unique value because our aim ... is to remind one another how good and beloved we are in God's eyes. We want you to know what you are capable of being and doing. That's why we're known for not being "head-tripping" but "heart-reaching and touching". Money didn't make this happen... money itself doesn't make anything happen... but not much happens nowadays without money. So please take part in the Increased Giving Campaign." Fr. Pat, homilies, Sept 11 & 12, 2010
