

Increase giving?

It's my job to make a case for the *Increased Giving Campaign* I'm going to try by answering *three questions*:

Why?

Saint Gabriel Parish is well worth the effort!

People often remind me about how much we enjoy here...

When they need to move away...

"We hope we can find another parish like this!"

When they come to visit us...

"Your parishioners have something very special here!"

When they return from traveling...

"It's so good to be back home!"

With numerous examples, countless people affirm that the parish has *exceptional value* for them. We all have our own event, our personal story that captures the *high value* we place on the parish.

The *Increased Giving Campaign* is a perfect opportunity to review and assess just *how valuable Saint Gabriel is to us all*.

Why now?

We're at a challenging and defining moment!

Spiritually, we are booming with energy and growth.

Financially, we are just scraping by.

Right now, *we must gather more resources...* to stay the way we are... but also to become more and to be able to do more.

The *Increased Giving Campaign* is a direct and hopeful way to build our fiscal strength so we can *maintain what we have* and *have what we'll need* to *grow into and grow for the future*.

What for?

For our faith and those who need our faith!

To expand... attract, reach, hold, touch and serve many more and in many more ways.

To develop and excel... in worship, music, study, assistance, advocacy, values, partnership, fun, hope and love.

The *Increased Giving Campaign* is a great chance *to give more* so we can *have more to give*.

Making our future happen now!
