

Increased Giving Campaign

Offertory  
and  
Debt Reduction  
Commitment Form

January 2011 - December 2011

OFFERTORY contributions are the major source of income for the parish.

Those funds are applied to all the costs involved in providing weekly worship along with all the many other activities, projects, programs, series and efforts that go together to make the experience of being Saint Gabriel Parish.

DEBT REDUCTION contributions help reduce and eliminate our current debt. That debt is what remains from the mortgages for our church building, our offices and our rectory.

When the current debt is substantially reduced, we can begin looking at plans for additional future expansions.

Please commit a portion of your financial resources that truly expresses the value of faith and of this faith community in your life.

God bless your generosity!
